SUMMARY

Senior Frontend Developer with 6+ years of experience building production-grade Angular and React.js applications, processing high-volume transactions. Experienced in Micro-Frontend architecture, TypeScript, and component-driven development. Hands-on with CI/CD pipelines, Docker, and cloud deployments on AWS. Skilled in writing unit and integration tests, implementing RBAC, OAuth2/JWT-based security, and collaborating in globally distributed Agile squads. Strong focus on web performance, observability, and secure coding practices.

SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, PHP, Python

Frontend Development: React.js (Hooks, Redux Toolkit, Context API, React Query, Code Splitting, Lazy Loading), Next.js, Angular (v16+, RxJS, Reactive Forms), Vue.js (Vue 3, Pinia/Vuex), HTML5, CSS3, Tailwind CSS, SASS/SCSS, AJAX, JSON, jQuery, Webpack, Angular CLI, Micro-Frontend Architecture

Backend Development: Node.js, Express.js, REST API Design, Microservices Architecture, WebSockets (Socket.io), PHP (CodeIgniter), PayPal Payment Gateway, API Integration

Databases: MySQL, PostgreSQL, MongoDB, Microsoft SQL Server

Cloud & DevOps: Git, GitLab, CI/CD Pipelines, AWS (Basic), Docker, GitHub Actions

Testing: Unit Testing (Jest / Karma), React Testing Library

Security: OAuth2, JWT, Secure Coding, RBAC

Tools: JIRA, Postman, MySQL Workbench, Version Control Systems

Development Practices: Agile/Scrum, SDLC, Performance Optimisation, TDD, Code Reviews, Mentoring, Web Vitals Optimisation

AI-Assisted Dev Tools: GitHub Copilot, Cursor, Windsurf, Google Antigravity, VS Code

EXPERIENCE

Senior Software Engineer | Angel One (Payroll of Pegasus Infocorp) | Bangalore, INDIA | April 2021 – March 2026

- **Architected a Central Notification Management Platform from scratch**, powering large-scale marketing campaigns across 6 channels (Email, SMS, Push, WhatsApp, RCS, IVR) for millions of users at Angel One.
- **Built full-stack analytics dashboards** using React.js, Next.js, Redux Toolkit, Recharts, Angular, and Vue.js — tracking 5+ real-time KPIs, including delivery rates, engagement metrics, and campaign performance; developed an Angular-based DRA dashboard for operational reporting.
- **Designed and implemented RBAC with OAuth2/JWT authentication** at both UI and API levels — managing tab visibility, CRUD permissions for 8+ user roles, and access control across all platform modules.
- **Optimised frontend performance** using code splitting, lazy loading, memoization, and React Query — improving dashboard load time by ~40% across heavy data modules; followed Web Vitals performance budgets for low-latency, high-volume transaction processing.
- **Integrated 10+ third-party messaging gateways and trading APIs**; built Node.js/Express.js REST APIs for backend data pipelines; collaborated with Product, QA, and DevOps teams in globally distributed Agile squads.
- **Led code reviews for a 4-member team**, reducing production bugs by ~30%; mentored junior developers and maintained code quality standards across React.js, Angular, and Node.js codebases.

Application Support Engineer (L2) | Vernost Marketing Technology Solutions | Mumbai, INDIA | December 2019 – April 2020

- Maintained a travel booking platform for flight and hotel reservations.
- Resolved frontend and backend issues using Angular, Node.js, and MySQL.
- Monitored production systems and optimised database performance.
- Provided Level-2 support for production incidents and platform stability.

Web Developer | Ebizz Infotech | Surat, INDIA | December 2018 – December 2019

- Developed web applications using PHP, CodeIgniter, Node.js, Angular, and MySQL.
- Built platforms including event management, loan processing, travel, cab booking, and e-commerce systems.
- Designed APIs and database structures for scalable applications.

CERTIFICATIONS

Professional Graduate Program in Web Development | TOPS Technologies Pvt. Ltd. Surat | 2018

- This certification provided a strong foundation in Software Development Life Cycle (SDLC), Database Management (MySQL), and Web Developer Architecture. It equipped me with the core technical skills in JavaScript and PHP

EDUCATION

Bachelor of Computer Applications (BCA) | Rabindranath Tagore University (RNTU) | Bhopal, Madhya Pradesh, India | 2026

- Currently appearing for all semester examinations. Final result expected by June 2026.
